NAVIGATING *Accreditation Complexity*

MULTIPLE FRAMEWORKS

TAFEs face overlapping regulatory requirements: ATEC, AQF, HESF 2021, and Standards for RTOs 2025 demand simultaneous compliance across multiple bodies.

EVIDENCE COLLECTION

Managing systematic evidence collection across all frameworks requires robust documentation systems and consistent record-keeping practices.

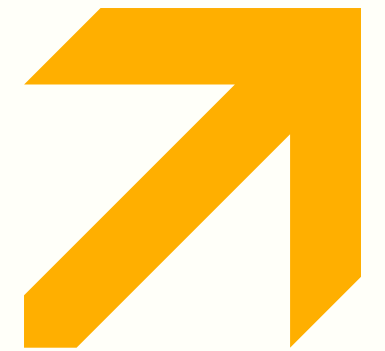

COMPLIANCE DEMANDS

Increasing regulatory scrutiny and evolving standards create growing compliance burdens that strain institutional resources and capacity.

SYSTEM VS IMPLEMENTATION

Balancing well-designed compliance systems with documented proof of actual implementation remains a critical challenge for accreditation success.

A UNIFIED ACCREDITATION *Framework*

10 CATEGORIES

Comprehensive coverage across the full accreditation lifecycle aligned to ATEC, AQF, HESF 2021 & Standards for RTOs 2025.

TWO-TIER MODEL

Required documents establish institutional intent while supporting documents provide proof of implementation.

AUDIT-READY STRUCTURE

Clear accountability and evidence-based documentation ensuring regulatory readiness from day one.

Two-Tier DOCUMENTATION MODEL

The PRP Quality Platform uses a structured two-tier documentation approach to ensure TAFE accreditation readiness. Required Documents include policies, frameworks, and strategies that demonstrate institutional intent and design. Supporting Documents provide data, reports, and records as proof of implementation. This clear separation ensures accountability and creates an audit-ready evidence base aligned to ATEC, AQF, HESF 2021 and Standards for RTOs 2025.

REQUIRED DOCS

SUPPORTING DOCS

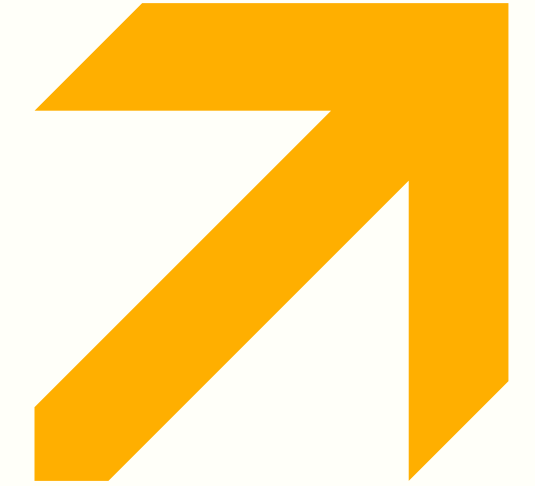

CLEAR ACCOUNTABILITY

FOUNDATIONAL Categories 1-5

These five foundational categories establish the core framework for TAFE course accreditation excellence. They ensure robust governance structures, well-designed curriculum aligned to AQF and training packages, clear student pathways with defined outcomes, rigorous assessment with academic integrity, and capable workforce with industry currency.

Required documents include policies, frameworks and strategies. Supporting documents provide implementation evidence.

GOVERNANCE & PATHWAYS

CURRICULUM & COURSE DESIGN

ASSESSMENT & INTEGRITY

CATEGORIES 6-10

Advanced Excellence

These advanced categories build upon foundational elements to ensure comprehensive accreditation excellence. They address industry partnerships, quality systems, data governance, pathway alignment, and audit preparedness for TAFE institutions navigating ATEC, AQF, HESF 2021 and Standards for RTOs 2025 requirements.

Each category includes required documents and supporting evidence to demonstrate both system design and implementation.

REQUIREMENTS

GOVERNANCE REQUIREMENTS

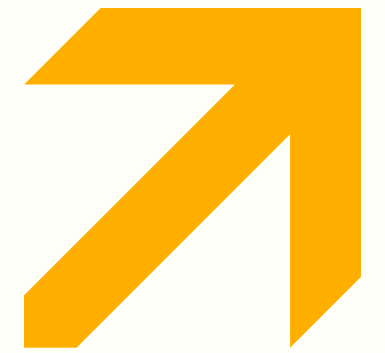

CURRICULUM DESIGN

QUALITY ASSURANCE

Governance Framework, Delegations Matrix, Course Approval Policy, Pathways Framework and Governance Calendar. Supporting evidence includes Board Minutes, Committee Papers, Approval Records and Governance Reviews for audit readiness.

YOUR ACCREDITATION *Journey*

AUDIT DOCUMENTATION

Review existing policies, frameworks, and strategies against ATEC, AQF, HESF 2021 and Standards for RTOs 2025 requirements.

BUILD EVIDENCE BASE

Develop required documents and collect supporting evidence including data, reports, and records proving implementation.

SELF-ASSURANCE AUDIT

Conduct comprehensive self-assurance audit with AI summary reports and validate with internal and external stakeholders.

Conclusion

Why This Toolkit Works

Comprehensive Coverage

Full regulatory coverage across ATEC, AQF, HESF 2021 and Standards for RTOs 2025 in one unified framework.

Clear Accountability

Two-tier documentation model separates institutional intent from implementation evidence for transparent oversight.

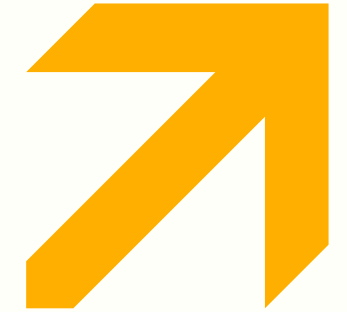

Embedded ATEC Alignment

Built-in pathways alignment ensures seamless integration with Australian Tertiary Education Commission requirements.
